

Yellow Jacket

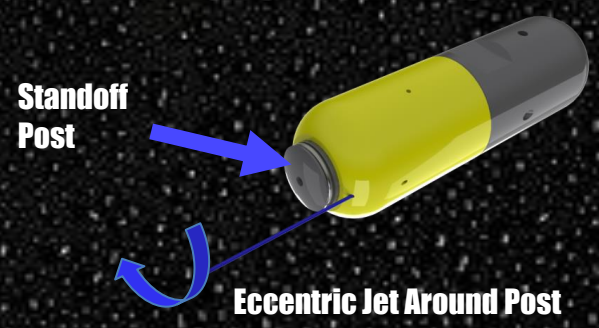

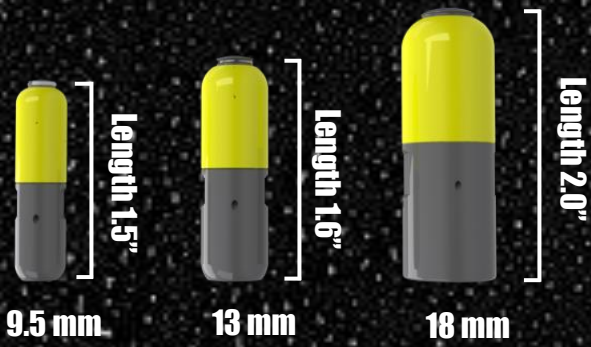

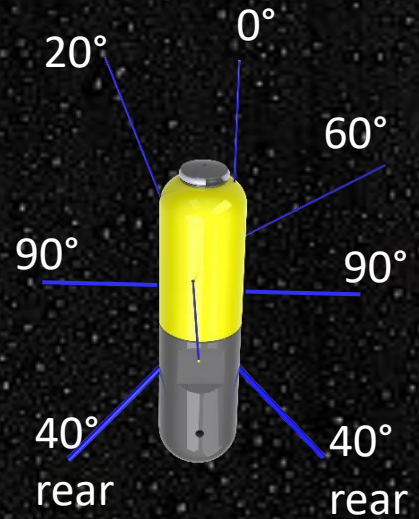

Tube Cleaning Nozzles

The patent pending Yellow Jacket cleaning nozzles are designed for cleaning scale buildup and plugged tubes. Simple rotor design allows small yet effective nozzle that can pack a punch! The multiple jet angles allow for a uniform cleaning pattern.

Key Features:

- Offset 0° Forward Jet
 - Maximized Boring/ Drilling Effect
- Multiple Forward Jet Angles for Chunk Breaking and Debris Removal
- Front Post Prevents Rotor/Debris Contact

<u>SIZE</u>	<u>DIAMETER</u>	<u>LENGTH</u>	<u>FLOW</u>	<u>PRESSURE</u>	<u>INLET</u>
9.5	0.375"	1.5"	8 GPM	15k - 22k	1/16" NPT, 1/4" LH or 1/4" RH
13	0.50"	1.6"	10 GPM	15k - 22k	1/8" NPT, 3/8" LH or 3/8" RH
18	0.69"	2.0"	14 GPM	15k - 22k	1/4" NPT, 9/16" LH or 9/16" RH
